

World Biofuels Markets

The Water Debate Agenda

Co-Chairs:

Goran Berndes

Department of Energy and Environment

Chalmers University of Technology

- IEA Bioenergy Task Force 43

&

Frederik Bjørndal

Public Affairs Advisor

Novozymes

World Biofuels Markets

09.00 Water Implications in Biofuel Scenarios at Different Scales

[Goran Berndes](#)

Department of Energy and Environment

Chalmers University of Technology - IEA Bioenergy Task Force 43

[Sonia Yeh](#)

Institute of Transport Studies

UC Davis - University of California

[Jessica Chalmers](#)

Senior Associate, Sustainable Bioenergy

Winrock International

10.30 Networking Refreshment Break

World Biofuels Markets

11.00 Case Studies: Understanding and Managing the Effects of Biofuel Schemes on Water

[Rolf Hogan](#)

Executive Secretary, Roundtable on Sustainable Biofuels

[Dan Neary](#)

Southwest Watershed Team, USDA Forest Service

[Graham Jewitt](#)

Professor of Hydrology, University of Kwazulu-Nata

12.30 Networking Lunch

World Biofuels Markets

14.00 Productivity and Production Innovation

[Ophir Gore](#)

Director - Renewable Energy & Alternative Fuels Department
**Israel NewTech - National Energy & Water Program,
Ministry of Industry, Trade and Labor**

[Pål Börjesson](#)

Professor, Environmental and Energy System Studies
Lund University

[Gerald Busch](#)

Senior Research Consultant
Balsa - Buro for Applied Landscape Ecology and Scenario Analysis
